

# The Virginia Manufacturers Association/Anthem Value Added Program

## CARING FOR YOUR EMPLOYEES HEALTH NEEDS

The Virginia Manufacturers Association has partnered with Anthem to offer a special program to VMA members that provides additional benefits to your employees at no charge. If you are a company with 1–99 employees this plan will enhance your employee benefits program at no additional cost to the employer. The benefits vary by your anthem plan and a program can be designed to meet your specific needs.

The new benefits provided in this program provide extra security to your employees families and they provide new programs that are often desired, but not offered in a traditional benefit program.

The Association is interested in assisting you with your benefit program and we encourage you to contact us with any questions you may have.

For additional information please contact us at the association OR send a fax with the following information to Alice Scott at 804-780-3853.
