

Are you paying **TOO MUCH** for electricity?

THE PROBLEM:

Utility rates are increasing at three times the rate of inflation.

It's not by accident that the complexities of utility tariffs are nearly impossible to decipher.

Power companies are "for profit" businesses with neither the staff nor the motivation to custom tailor the least expensive plan for each business.

WE CAN HELP!

- ✓ Your signature is all it takes to get the lowest possible price.
- ✓ If you are due money from a past error, we will find it.
- ✓ If there are lower prices, we will get them for you.
- ✓ Founded in 1998 by a power company executive, we know the industry inside and out.
- ✓ By the Winter of 2008, our recommendations have saved over \$40 million dollars for our clients!

RISK FREE...NO UPFRONT FEES

There is no charge until we succeed in reducing your bill!

How much can we add to your bottom line this year?
