

TAP Registration Form

Dibert Valve & Fitting Company, in cooperation with Swagelok Energy Advisors, Inc., invite you to attend an 8-hour practical seminar called Twelve Action Points (TAP) for Steam Systems. The program is designed to teach you how to increase production output, increase your profit margins, improve plant safety and reduce energy cost without capital expenditures. This specialized steam system training program is designed for facility managers, plant engineers, plant supervisors and individuals looking for more knowledge of steam systems and interested in saving money, energy and increasing steam system reliability.

The course fee is \$380.00 per attendee. This fee covers textbooks, training course materials, lunch and refreshments.

Fax or e-mail the registration form to:
